

CHUCK MARTIN

Technical Writer/Content Engineer | chuck.martin.name/portfolio/
Creating better user experiences by creating better content experiences

My Job

This is my résumé for general consumption. It summarizes my skills and experience.

My Story

[Find out more about the person you'd be hiring.](#)

My Skills

Core Competencies: Topic-based authoring, information typing (the "IT" in DITA), content strategy, topic and content patterns, structured writing, minimalism, content reuse, user-centered design & development

Tools: HelpIQ/ProProfs Knowledgebase, Adobe FrameMaker, Adobe RoboHelp, Atlassian Confluence (wiki), Madcap Flare, Adobe Dreamweaver, WebWorks Publisher, HomeSite, Microsoft Word, Paint Shop Pro, Adobe InDesign, Snagit, Perforce,

My Qualifications

- Bachelor of Science in Technical Communication, University of Washington
- Content development for novices to ninjas
- Tool proficiency from command line to CMS
- Knowledge of user-centered design, information typing, content patterns and reuse, topic-based authoring

My Experience

Technical Writer • Apttus • Nov 2017 – Jan 2018

Developed new content and revised existing content (written by engineers), including installation and configuration (onboarding) content, security content, and app tool content in Confluence wiki for administrators and business operations audiences. Created ERDs.

Technical Writer • ItsOn • Mar 2014 – Aug 2017

Developed task, conceptual, reference, and tutorial online help content in ProProfs Knowledgebase for technical, business operations, analytics, and support users of SaaS application. Designed topic and content patterns for different types of reader needs. Reused content with snippets and variables. Tested content for validity. Wrote CSS to produce branded topics and well-formatted PDF files. Worked with other members of UX team to develop UI content for web app and mobile app. Migrated content set from Confluence to HelpIQ. Identified content needs and created Jira tasks to track work.

Responsible for all web (SaaS) application UI text, including buttons, labels, titles, and messaging. Found and eliminated duplicate text. Created consistent content patterns to aid in clarity and translation. Worked with UX designers to develop additional content in mockups.

TeamTrack, Jira, Notepad++,
XML Notepad, Agile/SCRUM

Technologies: Windows Help,
HTML/web Help, Oracle Help
for Java, QuickHelp (Mac), UI
text, user interface/experience
design, desktop/web-based
(SaaS) application development

Languages: HTML/XHTML, CSS,
JavaScript, PHP, XML, Java,
Visual Basic, WordBasic, Swift

Platforms: Windows, macOS,
web/cloud/SaaS,
mobile/iOS/Android,
UNIX/Linux

Sr. Technical Writer • Aruba Networks • Oct 2012 – Oct 2013

Developed and updated procedural, conceptual, and reference content in MadCap Flare to document new and updated features for ClearPass Policy Manager web-based software that controls WiFi access.

Used content strategy principles to chunk long topics and reorganize information, to identify content that could be reused, and to use conditional content to produce output for both company and partner products.

Volunteered to design and develop HTML5-based online documentation for ClearPass WorkSpace, a new web-based mobile device management product.

Contributed content about typography and grammar to an updated company style guide.

Sr. Technical Writer • Model N • Jul 2011 – Aug 2012

Developed procedural, conceptual, and reference content in FrameMaker as part of large PDF-format document set for enterprise-level suite of web applications. Added API content pages to HTML Help system for developers. Created entity relationship diagram (ERD) documents for specific product areas.

Took ownership for all UI content (labels, button text, embedded content and messaging, error messages, etc.) for my team.

Re-architected existing content, driving topic-based development and using audience and content analysis to eliminate redundancy, and to make the language simpler, more straightforward, and directed toward the specific user types.

UI Text Writer • Hewlett-Packard • Jun 2011 – Aug 2011

Revised computer setup wizard UI text, making it clear and consistent, less jargony, less wordy, and friendlier. Suggested content layout to make workflow clear.

Technical Writer • Obscura Digital • Dec 2010 – Jan 2011

Developed hardware/software user and maintenance guide for unique data-driven multimedia installation.

Sr. Information Designer • Intuit • Feb 2006 – Aug 2009

Designed and coded conceptual, task, and contextual HTML-based online help topics for new and updated online banking features in QuickBooks. Coded conditional content for different software versions.

My Reviews

"FWB's user guide and formatting manual are exceptional." "Excellent Documentation."

Macworld

"FWB SledgeHammer Pro had the most thorough and clear documentation in our spotlight."

Digital Video

"Chuck is a very talented and creative writer who truly understands the needs of the end user." "Chuck is a fierce advocate for best practices and standards when it comes to user experience especially with respect to user assistance and general usability." "Chuck is an excellent writer. He's very customer-focused and centers his work on user need, creating simple-to-understand content." "Chuck...turns solid understanding of both technical details and a target audience's needs into meaningful documentation and user interface copy...he's not just passionate about technical writing, but honestly cares about the overall user experience of the product."

LinkedIn

Created CSS and JavaScript code to improve user experience with help. Created UI text for new features.

Updated content for administrators to install and configure QuickBooks on a network.

Created and iterated UI design ideas with XD team members. Participated in usability testing and developed design ideas based on user feedback.

Created planning documents to estimate/manage work. Participated in team's TSP planning and daily scrum meetings.

Created and updated knowledgebase articles using web-based content management software.

Helped co-workers with technical and workflow issues as Tech Lead. Implemented ideas for workflow improvement.

Technical Writer/Information Designer • Mar 1992 – Feb 2006

My Education

University of Washington

Bachelor of Science, Technical Communication

Relevant classes:

- Computer Science I
- Computer Science II
- Introduction to Technical Writing
- Introduction to Digital Systems & Computers
- Computer Organization & Operation
- Scientific & Technical Communication
- Data Structures
- Introduction to Engineering Graphics
- Computers in Technical Communication
- Style in Technical Writing
- Basic Statistics with Application (Engineering Section)
- Technical Editing
- Production Editing
- Cultural Interactions
- Research in Technical Writing
- Computer Documentation
- User Interface Design
- Introduction to Microprocessors
- Computer Design
- Publication Project Management
- Technology Assessment

City College Of San Francisco, Deanza Community College (Cupertino), Company Training, STC

City College of San Francisco: Java Programming (1998), Visual Basic (1998), Advanced Internet (1999), General Psychology (1999), Introduction to UNIX (2000), Multimedia Content & Form (2001), Developing Web Sites in Dreamweaver (2003), Advanced Internet (2004), Visual Basic .NET with Database (2004), JavaScript (2007), iPhone Programming (2010), Software Engineering (2011), PHP Programming (2012), Intermediate HTML & CSS (2012), Mobile Web w/ HTML, CSS, & JavaScript (2012), Technology of Smartphones and Mobile Devices (2014), Beginning iPhone Programming (2016), Programming Techniques for XML (2017)

DeAnza: JavaScript (2001), Visual Basic I (2002), Visual Basic II (2002)

Company training: Oracle: SQL & PL/SQL; IBM: C Programming, BookMaster, Visual Literacy

API Documentation Workshop (STC Silicon Valley chapter), 2014

My Conferences/Seminars

WritersUA Conference for Software User Assistance • Seattle/San Diego/Santa Clara/Los Angeles/Las Vegas/Palm Springs/Long Beach/Portland/Memphis/Newport • 1993 – 2014

Presented:

- “A Java Primer for Help Authors,” 1999
- “Online Communities That Work for Technical Communicators,” 2004

Wrote, edited, took photos for, and produced daily conference newsletter, 1997-2012

Live blogged from conference sessions, 2010-14

LavaCon Conference on Digital Media and Content Strategy • Portland • 2012 – 2013

Wrote, edited, took photos for, and produced daily conference newsletter, 2012-13

Live blogged from conference sessions, 2012-13

tccamp unconference • Santa Clara • 2013 – 2018

Led discussion session on topic of “Content vs. Document”, 2014

Edward Tufte’s Visualizing Information • San Francisco • 2004

Comtec 2003 • Paris • 2003

Web Help JumpStart Conference • Boston • 2002

Help University Conference • Dallas • 1999
